Linseed oil continues steady at the quotabetween Philadelphia and New York after | tions of some weeks past. The wholesale grocers had quite a busy day. All staple groceries rule steady, no changes having been made for several days. The demand for sugars is increasing as the season advances. Coffees and teas are firm, but unchanged. Navy beans are strong. Dried fruits and canned goods are moving slower, tropical fruits and strawberries taking their places. On Commission row prices in all lines of green stuff are easy. Green peas and beans are a shade lower. Cabbage and Irish potatoes are still among the luxuries, but are moving freely. New cabbage is becoming more abundant and lower prices will follow. The produce market is in much the same position as on Saturday. Poultry is coming in more freely, but not so much as to affect prices. Choice butter is in good request at prices quoted, but arrivals are increasing daily and consequently it must be choice to bring the highest quotation. Eggs are coming in more freely, but owing to the large consumptive demand, prices are well held. Flour is firmer in tone, the Business has so increased on the Fort strong wheat market being the cause. Prowhich prevail, as they are proportionately
